A Great Start to a New Year!

By Jeffrey LaBelle '96

On September 12th, 1995 the entire G.D.A. community had finally arrived. The freshmen class had been involved in the new freshmen leadership incentive program since the 10th.

All of the returning varsity athletes had been here since the 7th preparing for the upcoming fall season.

After all of the day students had received their lockers and all of the boarders had moved into their rooms there was the annual school meeting.

Mr. Bradgon welcomed everybody to the 234th opening of Governor Dummer Academy. This was a great day to open up the school year.

Seniors Rising to the Challenge

The entire senior class gathered outside of the Phillips Building early in the afternoon on Friday, September 15th. Everyone was looking forward to spending the weekend up in Brantwood, New Hampshire. The class set forth three goals for the weekend: break down the cliques, become better acquainted with the entire senior class, and have a good time.

As we arrived at Brantwood the class was divided into seven smaller groups. After dinner all of the groups came together at the gymnasium. Over the next hour everybody had a great time playing games, running races, and getting dizzy. Then, early the next morning after breakfast everybody started the 4 hour hike up Mt. Monadnock. Everybody had a great time hiking up the mountain and staring out at the gorgeous scenery that surrounded us. The hike gave the senior class time to converse with faculty members and students that we normally don't associate with. As the hike came to an end it seemed as though a lot of the students were disappointed because the hike was already over. Every G.D.A. student looks forward to this hike and it ended too quickly.

The seven groups returned to the Brantwood camp to rehearse and prepare for the group skits and songs. The theme songs of the Brady Bunch and Cheers could be heard echoing throughout the entire camp. Then, it was time for the very memorable and funny skits. Brian Rybicki could be heard as Mr. Rowe, Chris Coleman did a wonderful job of impersonating Mr. Piatelli, and Cat Pear and Scott Grenier were drinking their group's toothpaste spit. All of the skits were hilarious and everyone had a great time. That night a large group of seniors slept in the middle of the camp underneath the stars. At least we stayed outside until it started to pour.

As we all woke up on Sunday morning everybody realized that the weekend had to come to an end sooner or later. After participating in a few more activities everybody boarded onto the buses and headed back to school hoping to have a very successful senior year. This weekend was a great way for the seniors to start their fourth and final year at Governor Dummer Academy.

Personally, I always viewed Unity Weekend as being useless but after this weekend I understand how much fun I could actually have with the entire senior class. This weekend has been one of the most rewarding and memorable times in my entire G.D.A. career and I will never forget it.

Sam and Drew joke around (as usual) while they check out the action in the quad.

Juniors:

Passage from Underclassmen to Upperclassmen

This year, like years in the past, the Junior class traveled all over New England. On Friday night of Unity Weekend the Juniors boarded a tour boat in Newburyport and saw the sights of Plum Island. The class amused themselves after dinner by starting a dance party led by Drew Stoddard and Lysee Cutler. All of the new students and even the faculty got involved in the fun. The night was finished off by the bus ride back to G.D.A. and spending time in the French Building. With the Seniors away at Brantwood and the underclassmen involved in their Unity Weekend activities, the class had an opportunity to get to know each other.

By the next morning everyone seemed to have a good idea of the faces in their class. We gathered together outside of Phillips, took pictures, and boarded the buses to head off to Mt. Major in Lake Winnepesaukee, New Hampshire. The bus ride took approximately two hours, and once we reached our destination we stopped by a park to have a picnic. After a long lunch we headed off to the mountain for a full day's climb up Mt. Major. The hike was not a technical one but there were some rather steep parts. After all the Juniors and faculty members had reached the top, we sat in the sun listening to music and eating snacks. The way down was a great deal easier and a lot more fun than the hike up the mountain. Once again we boarded the buses and headed back to G.D.A. for the evening. Luckily, this year's class was able to leave right on time with the exception of Pat Dow's random hike back up the mountain. Overall, the weekend was a success and everyone had a really good time. Just think, Juniors, next year you will be Seniors, spending your Unity Weekend up in Brantwood, New Hampshire.

Moving up and forward

Seeing new faces and meeting new friends is always a great way to start off a school year. This year our sophomore class, no longer freshmen, headed to Plum Island on Friday night to play games and get better acquainted. On Saturday the adventurous trip to Boston produced new friendships and lasting memories. As our class continues to move forward we hope these new bonds will last.

Getting Acquainted

When I first arrived for Unity Weekend I was surrounded with unfamiliar faces and felt alone. Yet as the Freshman class began some activities I realized that many other classmates were in the same situation.

Unity Weekend was the foundation that has set the tone for the school year. In those first few days I was introduced to many students and our class as a whole became much more comfortable with each other.

The Freshman Class, although we are the youngest, has bonded and been able to establish itself since those opening days. As a class we feel that we can help to strengthen the G.D.A. community. We shared tons of laughs during Unity Weekend and hope those memories and the fun we shared will last throughout the years to come.

Student life at GDA has gone from watching TV on Friday nights to more exciting entertainment such as Airball, well known comedians, bands like Monster Mike Welch, and drive in movies. The desire to spend weekends on campus has grown with a more active schedule.

This new program doesn't exclude the old favorites either. The Guild, Spirit Night, Art shows, concerts, Mansion House, and theater productions also require rave reviews. Though many of the Guild's star performers graduated, as the old proverb goes, "out with the old, in with the new." The new performers met the challenge, resulting in a spectacular guild. The Art program as a whole has prospered this year. Spirit Night was also a big hit, Men's varsity soccer sharing their victory with Women's varsity field hockey. We look forward to an equally eventful program next year.

Mansion House

Every Saturday night Mr. and Mrs. Bragdon open up their house to the Governor Dummer student body. Mr. and Mrs. Bragdon enjoy spending time with the G.D.A. students and talking to them about sports, academics, or fly fishing. The G.D.A. student body can play ping-pong, pool, or cards. Also, at Mansion House there are all types of food and drinks including nachos, ice cream, sandwiches, Coke, or Sprite. If someone feels like watching T.V. they can go into the living room and watch a sporting event or movie.

Mansion House allows G.D.A. students to forget about all of their academic and athletic worries and to relax for at least a couple hours every week. This place allows the G.D.A. student body to congregate and hang out. Students have a chance to meet and talk to people they normally don't see during the course of a week at G.D.A. Everybody socializes with each other which allows the G.D.A. student body to come closer and develop into one homogenous group.

Academy Players put on The Wiz

An exciting twist of a play filled with pizzazz and jazz

As the winter season comes to a close the drama group is getting ready to put on a spectacular production of "The Wiz". With many old-timers the show is sure to be a hit. Don't forget with a new season come new faces, so be sure to check out the new drama scene. The Wiz comes from the Wizard of Oz story line while adding a funny contemporary twist. Dorothy will be played by none other than Lauren Abernathy. The Scarecrow is the crazy cool Tasneem Nanji. The Tinman is newcomer Jeff Gilberg, and the Lion is the witty new senior Lauren Erwin. The witches will be played by Kelly Barry, Beth Pilkington, and Jane Livingston. Aunt Em and Uncle Henry will be performed by Jessica Stormont and Peter Wesson. "The Wiz" himself will be played by the fun loving freshman Jesse Soursourian. With a cast like this who wouldn't miss the show? With all its jazz and pizzazz the Wiz will be a hit! So, ease on down the yellow brick road to Thompson and see a musical that you'll never forget.

Fall Production of Cyber Prep 4.0

Innovative play written by Mr. Wann and the fall actors

by Lily Chang '97

The drama group produced an innovative play, "Cyber Prep 4.0," written by Mr. Wann and the participating actors. The story, set in the year 2020, was an interpretation of what society would be like in the future. In the action of the play, the population of the Earth was divided into distinct segments; the "haves" and the "have-nots." These two social classes, based upon educational oppurtunity , were separated from each other through ignorance and a Gestapo-like police force called the Zippers. The "haves" were trainees at the at a school called Cyber Prep 4.0, who were groomed to be the new leaders of society. Strict rules and regulations were enforced by the Zippers at Cyber Prep 4.0. The "have-nots," on the other hand, were called Nathals who lived in the streets, trying to educate themselves through poetry.

The director and the fall drama program created a unique production that has never been seen at G.D.A. Not only were those students who participated able to contribute their ideas and prospects on life, the audience was able to witness a brilliantly presented commentary on society.

The Bradys Come To GDA

Spring Production

The spring is always an excting time on the Governor Dummer Campus. The hustle and bustle of the school year continues and students await the spring plays which are always directed by a student. This year the talented Lauren Abernathy produced a funfilled play of the Brady Bunch with a unique cast.

Lauren spent her spring rewriting and producing what would be the Brady Bunch. She took story lines and recreated scenes, casting Lauren Carroll as Mrs. Brady, Adam Doorly as Mr. Brady, Lauren Erwin as Marsha, Drew Stoddard as Greg, Brad Russell as Jan, Patrick Rothwell as Peter, Adelle Lily as Cindy and Chris Coleman as Bobby.

A fine cast contributed to the success of the performance and unique set of commercials were even added within the play.

Special Olympians Enjoy their Day in the Sun at Governor Dummer

The 1995 Special Olympics at G.D.A. was one of the best ever. Every Special Olympian had a wonderful time participating in their games. Dr. Olezko commented, "I did not even hear one complaint, everything went smoothly."

The GDA student heads of the events were commended for their hard work and dedication to the Olympics. Kate McCullough and Naomi Odell led the way for all of the volunteers with organization and leadership. Mat Perry and Brian Rybicki can be credited for success involved with the soccer competition. Chris Coleman ran a very organized Olympic Town where the Special Olympians competed for prizes in a variety of different activities. Friday Nights...

Friday night activities have proved to create a solid turnout this year. With athletic events the next day, most of the student body remains on campus for activities such as the Pep-rally, Air Ball, Monster Mike Welch, and awesome Basketball games.

Mr. Hirsch, Mr. Wotton, and the Social Committee have done an excellent job this year in providing new and exciting activities for the student body. The traditional activities that have always been a part of student life: Open gym, Concerts, Art shows, the French Building, and movies, also continue and are well attended.

Overall, students have enjoyed Friday night activities with a renewed spirit. Hopefully, the enthusiasm and participation will carry out through the year.

A word of Thanks

Hard work from the Social Committee, Mr. Hirsch, and Mr. Wotton have added to the success of Friday nights.

Friday nights begin the weekend here on the GDA campus, located in Byfield which is not the most stimulating town.

On Fridays, most students finish theirstress filled week of classes and look to relaxing before the athletic events on Saturday. The Social Committee has always worked hard to provide the students with different activities and this year their success is amazing.

Mr. Wotton played a significant role in adding to the difference on Friday nights as well as Mr. Hirsh, who came to GDA this year.

Mr. Hirsch and Mr. Wotton have proved to be enthusiastic. They are always involved in our activities and ensure that Friday nights are never dull. The Social Committe, Mr. Hirsch, and Mr. Wotton will never go unnoticed for the work they have put into making GDA an exciting place. We thank you!

A Successful Introduction to Aspects of Health and Well Being

Health Fair

On April 25 GDA hosted a Health and Fitness fair. The purpose of this fair was to introduce members of the community to different aspects of health and well being. This fair was held in the Alumni Gymnasium and many aspects of health were represented. These included most types of traditional medicine, as well as acupuncture therapy, a model mugging demonstration, and several AIDS-related services. Also present was Bath and Body Works, which made aroma therapy available. TCBY was there and gave out samples of their new line of healthy choice items. Mary Kay showed a video about skin care and the sun and reprensentatives from the fields of optometry, orthopedic medicine, dentistry, chiropractic, and homeopathy were also present.

Several other groups were also represented at the health fair. Anna Jaques Hospital sent representatives from several departments, including the Birth Center, the Home Health Care division, the Emergency Department, the Laboratory, and the Respiratory Therapy Department. The Holistic Family Practice also sent representatives to the fair including nutritionist Ranan Cohen, polarity specialist Nicki Cain, and acupuncturist Pauline Watson.

One of the most intriguing exhibits was the one presented by the Mass. Safety Council, called "The Covincer" which was located in the Field House lobby. The convincer was a stimulation that allowed people to witness the impact of a car crash at different speeds, both with and without seat belts.

GDA held a health fair three years ago, and it was a succeess. Once again this year the Health Fair was put together by Mrs. Epstein, the Allies, and the Health and Wellness Committee and exceeded all expectations. This year's Health Fair was a doubled success and an informative addition to the GDA students' education.

Student Life Keeps GDA Busy and Exciting

Governor Dummer Academy can be a crazy place sometimes. As the year quickly passes by, the workload piles up and students find themselves working diligently trying to meet deadlines or stressing over their past few weeks of procrastination. Yet sometimes a beautiful fall day or the warmth of spring can bring about a moment of reflection and relaxation. Although at times students crave a vacation away from the hustle and bustle of GDA, there are moments when the serene campus is filled with moments of pure laughter and acheivement. The French Building is not the same without students piling in and the dorms are no fun without their running and talking. Governor Dummer Acadmy is a special place because the students contribute an array of talents and uniqueness to the campus. As a whole the student body has meshed together to produce wonderful plays, concerts, dances and art shows as well as continued success on the athletic fields. GDA witnessed a New England Class D Championship in Football and the GDA Women's Lacrosse team repeated another banner season.

Often times students may go unrecognized for their quiet presence or accomplishmnets but each individual adds a different view to Governor Dummer which makes this community such a special one. There is never a dull moment during a student's life. Whether involved in community service or in Special Olympics, a GDA student is often dedicating his or her time to helping others. Teachers also contribute time in and out of the classroom to helping individuals excel, and by the time a student's journey is over, success and confidence are apparent. Whether someone's journey at GDA may last four years or only one, a part of GDA is taken with them. And a part of them is left behind and continually fills the deep well of student life.

Helping Those in Need. A Tribute to Martin Luther King, Jr.

by Kim M. Konevich

For the past few years GDA has honored Martin Luther King, Jr. by giving back to the community on MLK day. It is a remarkable experience for the students, faculty and community to share.

The student body is divided up and members of different classes leave GDA to help members of the community around them. Students are not only able to get to know one another better but are also able to learn the similarities between every group of people. Some students traveled to My Brother's Table to help cook food for the homeless, some went to an elderly home to help and spend time with the residents there, and others even worked and cleaned in the YMCA. No matter where a student ended up they were contributing there time to help those less fortunate.

The individuals who participated in this day and those who received the help learned the benefits that come from depending upon each other for time and help. Earlier in the day the GDA community gathered in Thopmson to listen to Mr. Ed Young, a 1973 graduate of GDA. Mr. Young preached the importance of helping others, and for the students it was a time to reflect back and realize what MLK day signified.

Throughout the day, the students were reminded of his words when they received thanks from a member of the community or when they saw the joy in a child's eyes after a day of fun. At the end of the activities when the students returned to GDA, they met in their groups for a discussion about the day. I heard many students claim that they wanted to interact more with the community. As Mr. Young stated there are "365 days of the year" and it is up to us to use our time productively and give back to the community".

"It was a new experience for me to give back to the community in honor of Martin Luther King, Jr. I enjoyed working with my fellow students and with the community and I discovered the importance of helping others."

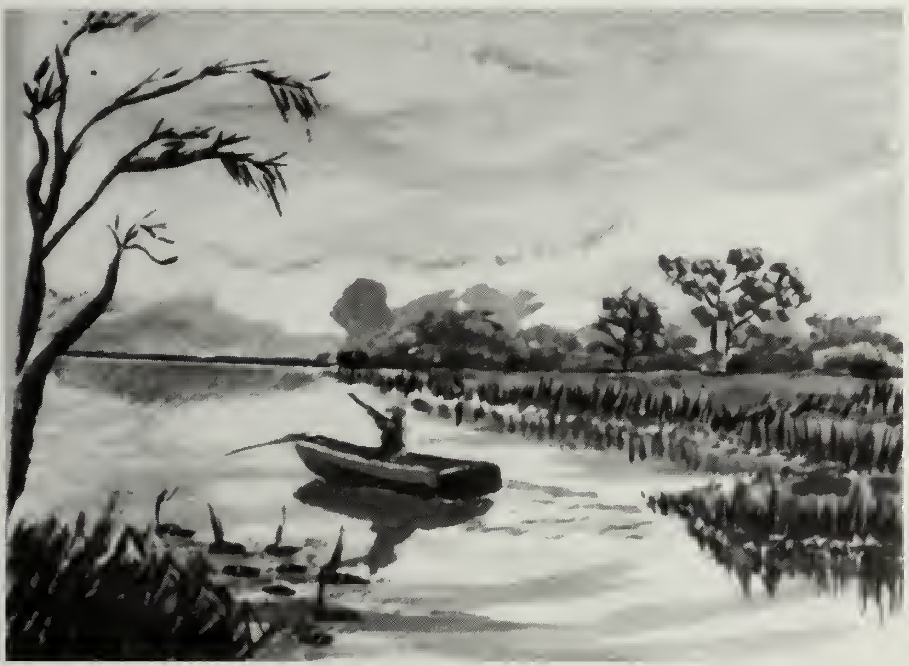
The Fine Arts program at Governor Dummer Academy has even surpassed the accomplishments and talents displayed last year. Again, there has been a record number of students that have participated in the arts. Mr Stowens still continues to lead the instrumental department, and he was joined by Ms. McKeen, the new head of the vocal department. Together, they have produced four wonderful concerts and a holiday ceremony in the Chapel that has become a tradition; this has added culture and diversity to life at G.D.A.

The music program that once was comprised of only a small group of students has expanded into four performing groups: The Academy Singers, AVT, Chamber Ensemble, and the Big Wind. The music program also includes individuals who display their talents at the Guild, a favorite tradition among all G.D.A. students.

One must not forget the studio arts led by Mrs. Britton, Mrs. Okula, Mr. Oxton and newly added Mr. Hart in computer art. There were several student shows produced this year in the Kaiser Art Gallery, including prize-winning works created by students. When students are not showing off their works in the gallery, there were guest artists who graced us with their works.

G.D.A.'s Fine Arts Program has come a long way. It has expanded way beyond the perimeters of the Thompson Auditorium and the Kaiser Art Building. The arts continue to flourish as more and more students gain an interest in what the art program can offer.



Jason Olbres, an artist and musician, has exhibited his talent in many ways. This painting reveals his unique style.

A Unique Twist Adds to the Success of the 1996 Formal

By Kim Konevich '96

Meghan and Rob share a moment together away from the commotion on the dance floor.

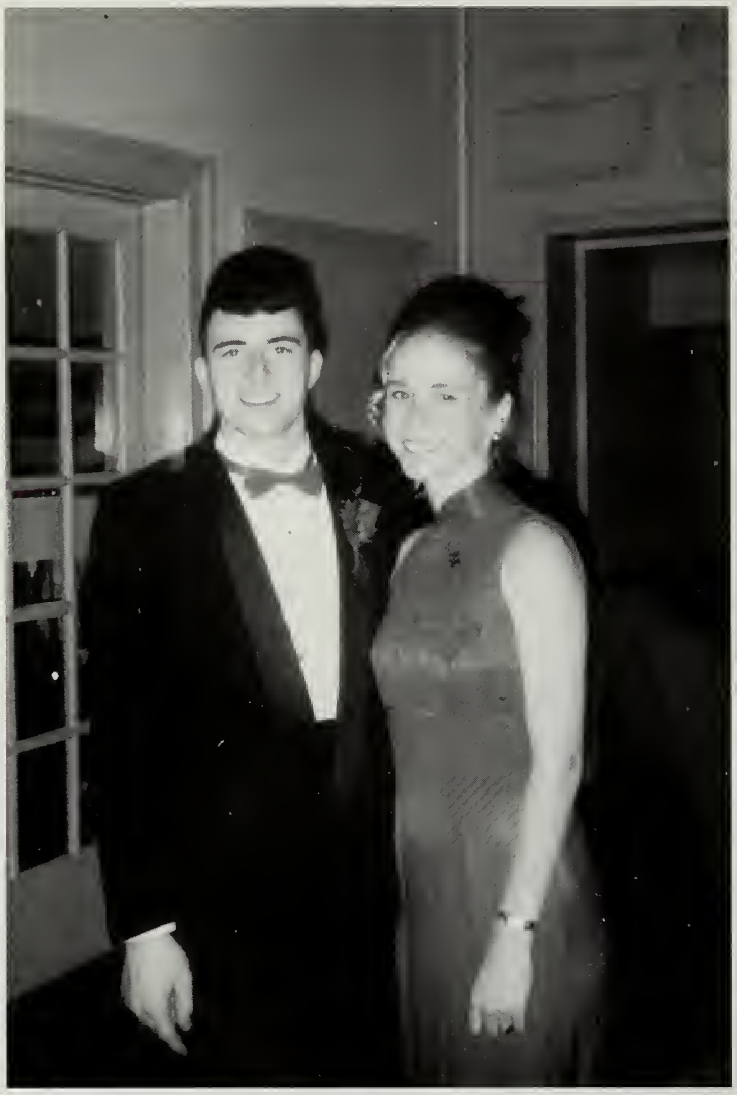
Cam and Caroline are all dressed up and ready to dance the night away

The Formal Dance this year was a nice twist from previous years. The Social Commitee throughout the year creatively thought of ideas of how to improve the Formal. It was finally decided that the 1996 Formal would be held on the day-cruise ship *Odyssey* with a delicious dinner prepared earlier in the Jacob Dining Hall.

Preparing for this dance was quite time consuming yet when May came the Social Committe was ready to put on a fabulous dance. On May 11 students loaded onto buses and headed into Boston to board the *Odyssey* for a night of laughs and dancing. Although the night was a little chilly, couples cuddled up inside the ship or outside on the deck while other GDA students danced away on the floor. Some of the teachers even dared to show their steps as they shimmied out to dance.

The night was filled with laughs and the hours passed by quickly. Before long it was time to return to GDA. A long bus ride back to Byfield after an exciting evening left students tired and ready for a rest. On the whole students agreed that the 1996 Formal was a huge success. Thanks to the Social Committee, and Mr. Wiegel for contributing to the terrific outcome of the 1996 Formal Dance.

Mara and Todd cannot wait to begin dancing.



Mat is all smiles as he stands with Lauren and Carla who are radiantly dressed in black.

Adam, Laura, Colleen and Roy chat and laugh during photo time.

Meghan, Sarah, Laura and Susan smile as they wait to board the *Odyssey*.

Smiling and having fun, GDA students dance to the Macarena song.

Lysee and Piper let loose on the dance floor.

Late in August, Hurricane Andrew brutalized the southern tip of Florida and the coast of Louisiana with winds of up to 164 mph, leaving more than 30 dead and thousands homeless. The most destructive hurricane in U.S. history caused an excess of $27 billion in damage in the two states. In Florida, citizens and government officials called for an investigation into shoddy construction practices and building code violations which they claimed contributed to the enormous devastation.

As the number of refugees in war-torn Bosnia increased, the U.N. struggled to end the decimation of Sarajevo and the starvation of its residents. A war crimes commission was created to investigate atrocities.

Despite having to run a news-media obstacle course, U.S. military personnel secured Mogadishu, Somalia with relative ease and Operation Restore Hope began. Lacking the military muscle to end the turf battles between warlords, the U.N. authorized American intervention to restore order to a country whose collapse into anarchy had all but halted efforts to stop the starvation of its people.

It was not a typical presidential election—people voted. Motivated by concerns about a weak economy, unemployment and rising health care costs, Americans stood in lines for hours to say no to President George Bush's bid for a second term, and halted a 30-year decline in the voting rate. Bill Clinton, the governor of Arkansas, and Al Gore, a U.S. senator from Tennessee, were sent to the White House on an electoral-vote landslide. Candidates worked hard to stimulate the interest of the electorate, appearing on morning-news television programs and late-night talk shows, introducing the infocommercial, and campaigning on cross-country bus tours. But, nothing injected more excitement into presidential politics than the billionaire from Texas, third-party candidate Ross Perot—not even Murphy Brown.

Never mind that the sequel was virtually the same story told in a new city, *Home Alone 2* captured the hearts and the dollars of the holiday-season moviegoers anyway, earning more than $31 million opening weekend. Macaulay Culkin delighted viewers as he was once again left alone, this time in New York City, to fend off the loveable bad guys from the first movie, Joe Pesci and Daniel Stern.

After months of build-up and controversy, Spike Lee treated the country to one of the finest movies of the season, *Malcolm X*. The film, starring Denzel Washington, struggled throughout its production because of inadequate financial backing and criticism from black nationalists. In the end, the 3-hr, 21-min. epic was viewed by the critics and the public as a success.

It was difficult to believe, but Earth's number-one super hero, Superman, died. He met his match during a battle with Doomsday in DC Comics' January issue of *Superman*.

Athletes from 172 nations traveled to Barcelona to compete in the XXV Summer Olympiad. The former Soviet republics were represented by The Unified Team and went home with the most medals, 112. The competition was the last time that members from the former Soviet Union would compete as a team. The U.S. won 108 medals, including a gold medal captured by The Dream Team, rightly named because it consisted of some of the best players from the ranks of the NBA.

After the Summer Games, Larry Bird, who had spent much of the 1991-92 season sidelined because of injuries, decided that his body could take no more and retired from the NBA. Magic Johnson announced that he would end his retirement and rejoin the LA Lakers. On Nov. 2, however, pressures resulting from being HIV-positive forced him to once again take himself out of the game.

It was not a good year for the British royal family. Princess Anne divorced and remarried. Prince Andrew and the Duchess of York, Sarah Ferguson, separated after the Windsor family tired of her public frolics. Prince Charles and Princess Diana ended the fairy tale when it was announced that they had also separated. To top it all off, a spectacular fire in Windsor Castle destroyed the 14th Century St. George's Hall.

Dave Winfield's two-run hit in the top of the eleventh inning clinched the Toronto Blue Jays' 4-3 victory over the Atlanta Braves in the sixth and final game of the 1992 World Series. Toronto's win was the first time that a team outside of the U.S. captured the title.

After a nine-month trial, a jury took only three hours to acquit O.J. Simpson of the murders of his ex-wife, Nicole Brown Simpson, and her friend, Ronald Goldman. The decision divided the country largely along racial lines. Simpson, who still faced civil suits filed by the families of the victims, vowed to search for the real killer.

In six games, the Atlanta Braves defeated the Cleveland Indians for the 1995 World Series title. Braves pitcher Tom Glavine was named the Series MVP.

Citing the stress brought on by two and a half years of legal battles, Shannon Faulkner left the Citadel after only five days. Faulkner, who had fought to be the first woman admitted to the all-male military school, spent most of her first week in the infirmary, suffering from heat exhaustion.

Retired Gen. Colin Powell toured to support his book, *My American Journey*, while the country wondered if he would make the run for the presidency in 1996. Powell announced in November that he would not run at this time, but did not rule out any future political endeavors.

A record 13 years in the making – Baltimore Orioles shortstop Cal Ripken, Jr. broke Lou Gehrig's record of 2,130 consecutive games played. Many looked at Ripken's streak as an antidote for fans who were disgruntled by the recent baseball strike.

Good-bye PaPa, please pray for me.
I was the black sheep of the family
too much wine and too much sorry
wonder how I got along.
Good-bye PaPa.

Because the only people for me are the mad ones, the ones who are mad to live, mad to talk, mad to be saved, delirious of everything at the same time, the ones who never yawn or say a commonplace thing, but burn, burn, burn like fabulous yellow roman candles exploding like spiders across the stars and in the middle you see the blue center light pop and everybody goes "AWWW!"

"A bit of music sometimes, Calls
The face of an old friend
You see them as if yesterday
A thought to them you send.

A photograph of someone dear
Can bring a laugh and a smile
The silly things you did back then
Made everything worthwhile.

A scent of special blooming buds
Recalls a time gone by
A special day, a brief event
Will make you smile and sigh.

The memories that we hold dear
Can come from every start
But even when not brought about
They're always in your heart."

One year in GDA was a great time in my life. Thanks a lot for everything from friends and faculty. Thanks for nineteen Thai students who encouraged me to get through all troubles that I faced. Special thanks for Mrs. Southam my wonderful advisor. Thank you so much for the "McCandless" that gave me a great experience on Thanksgiving. Eventhough I have been here only one year, I got a lot of experiences and friends which was worth a lot for me. Thank you for the Thai government that made me have today at GDA.

COMES THE DAWN

-Anonymous

After a while you learn the subtle difference
Between holding and chaining a soul,
And you learn that love doesn't mean leaning
And company doesn't mean security
And you begin to learn that kisses aren't contracts
And presents aren't promises
And you begin to accept your defeats
With your head up and your eyes open
With the grace of a women, not the grief of a child,
And you begin to build all your roads on today
Because tomorrow's ground is too uncertain for plans
And futures have a way of falling down in midflight.
After a while you learn that even sunshine burns if you get too much
So plant your own garden and decorate your own soul
Instead of waiting for someone to bring you flowers
And you learn that you really can endure...
That you really can be strong
And you really do have worth
And you learn and you learn...
With every good-bye, you learn.

Mom and Dad, Thank you both so much for everything that you have done for me without you I would be nowhere. Mom you are the strongest woman I know, you showed so much strength and fought hard this past year and I love you! Dad thanks for believing in me and giving me the chance to come here, we have come a long way. Morgan you are the best brother thanks for being there for me. **S.J.** Thanks for caring so much about what I do. **L.R.** You have done so much for me thank you is not enough, you helped me more than you'll ever know H.F. We have survived some rough times together thanks for being there for me B.R. Thanks for trying to get me to be social, someday maybe it will happen **Manz.** Four years and we are finally through, but it has been a good time **K. K.** You were an awesome roomate freshman year you have come a long way since then **L..C.** What will I do without you next year? Who will hit me in the head at practice L.A. hamon con huevos whatmore can I say S.G. You have saved my butt I love yo **L.P.** Good luck next year, you will survive **N.W. & B.H.** You guys were the only true sane ones **K.M**. Good luck next year, kick some ass on the ice next year **Mrs. Lenane** thanks for all the advice you have given me and for all the hours I have spent watching T.V. Thanks **Mrs. Enge** for believing in me **Ms. Moore** thanks for being a friend Thank you to everyone else who in the last four years has believed in me **Good Luck KH KM LP JR SG MP MW BS JP TN** IT HAS BEEN FUN BUT I AM GLAD ITS OVER!!!

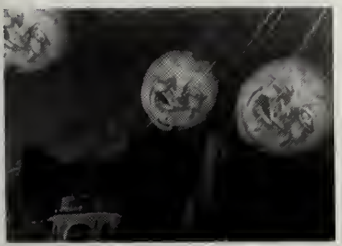
MANY MOONS



WHEN I WAS A LITTLE BOY,
IT SEEMED TO ME THAT THERE
WERE MANY MOONS,
MY GRAND MOTHER HAD A MOON,
AND MY OTHER GRANDMOTHER HAD
ONE TOO WE HAD A MOON OVER
BACKYARD, AND MY BEST FRIEND
ARI HAD MOONLIGHT IN HIS BEDROOM
FROM HIS MOON
WHEN WE VISITED OUR RELATIVES
IN CHICAGO, I WAS NOT SURPRISED
TO DISCOVER THEIR MOON,
THEN ONE NIGHT, AS WE RETURNED
FROM A VISIT TO MY GRANDMOTHER
I WATCHED OUT OF THE CAR'S BACK
WINDOW AND SAW HER MOON
FOLLOW US HOME.
HER MOON WAS OUR MOON
THERE WAS JUST ONE MOON!
NOW THE SKY SEEMED SO EMPTY.

I've traveled many roads with you mom and dad, and now I get my own chance to pick which "fork in the road" to chose. I guess its my turn to pick up my suitcase and move on.

Thank you MoM and DaD for everything!!!

Tracey keep looking ahead, and I take back all the bad things I ever said to you.

Good luck to Eun-Ah, Rawiwan, Hee-Seong. Thanks for the special friendships of Yoko and T.N. My love and friendship to Anna, Julie, Val, Hilary, Nuch, Nonna, Yin-Fei True thanks for warm and endless supports to Mr. Bradely, Ms. Guy, Profs. GIRLS- WHERE WE GO ONE, WE GO ALL

Stone is story teller. Stone is meditation master. Stone performs the dance of stillness.

Nance- We are 2 different trees but are both rooted with the earth. Our roots will keep us in contact.

Amantha- Our friendship has never lost momentum. We are conscious of each others energy, yet the same energy flows through us both. We will always follow the same light.

The water which softens us as it circulates through each cell has already been down every river and slept in every ocean. The blood of the land is the river of the body.

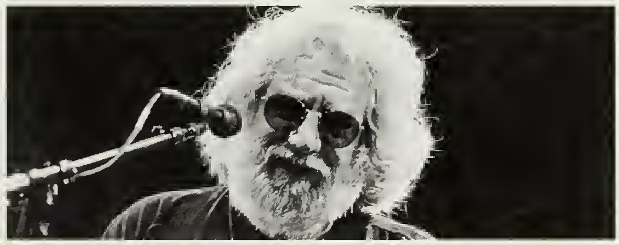
Our bodies are of the earth; that which animates them is of the sky. -What would be land with out sky.

The planet, weaver of patterns and cycles dances around the great fire in the sky. Warming herself, reveling in the choice of the days colors as she dresses herself in his light.

Mom and Dad, you have shown me the importance of education and have provided me with experiences to learn from nature. I love you.

MIKE- You've been my idol for 18 years.

SUE- Your an inspiration. Thank you for your kindness and adventures. I hope our paths do not separate.



"So use all that is called Fortune."
-R.W. Emerson

It's been a long ride, but it's finally over. Thanks to everybody who helped me make it through. Special Thanks to Mr.Cassell, Mr. Ceglarski, Mr. Finn, Mr. Bragdon, Mr. Seufert, Mr.Suggs, Mr. Nelson, Mr. Karin, Wotty, Mr. Moonves, Mr.Piatelli, Mr.Gosse, Mr.Lenane, Mr.Searles and Mrs. McKinney.

To all of my friends, thanks for the memories. I'll never forget the good times we've had and never regret the tough ones. The past four years have been an unforgettable experience thanks to you. Good luck next year to all of you wherever you are - LaBelle, Coleman, Shedosky, Nacol, Walker, Ribs, Roy, Wally, Conlon, Brooks, Randy, Merrity, Horvath, Winty, Chad, DiPietro, Greenberg, Novis, Prindy, Rivera, Ezra.

Mom and Dad, Thank You very much for your love and support. I'm not sure if I'll ever be able give back all that you gave me. Thank You for dedicating your lives to Petr and I. I love you. Petr, without you, I would never have this opportunity. Thanks for being a true friend, thanks for changing my life forever.

I'd like to especially thank those teachers who tried to show others that grades don't mean everything and compassion and sincerity mean a lot more. Thank you Mrs. White, Mr. Ceglarski, and especially Mr. Suggs.

Thanks going out to any and everybody who helped me. The kcid goes to those who tried to hold me back. To my clik at home thanks for keepin my level. Blades where the birds going, Benson Smeg Meg called she said its time for you and DJ Magic Pips to roll out, Coulon Manz had four 3 and 100 points, Rybler why'd the polish submarine sink, Dan thanks for the water roonies, Vlad the STGS, Steve thanks for the treats, J Vas dollar, Hollywood see you there, Maddog how the hell did you lose. AK, DK, and CM you weren't here in the body but you were defintely here in the soul. Abby thanks for the 2 years together it has been a great time i can only hope that you don't forget who i am. You've taught me things that i never knew about myself; why do eskimoes rub noses?Aaron i can't belive our time is up. Freshman year only seems like yesterday and now graduation is upon us. Even though we kind of lost touch during sophomore year i think we finally ended up at home base. Thanks for everything.

Underclassmen

G.M. laughs at some members of his class, who are off in the distance.

Adam shows off and acts tough wearing his shades.

Members of the Junior Class share a moment with Mr. Southam.

Susan, Allison, Lindsay, and Jessica bond during their Junior Unity Weekend.

Achieving Goals

Junior Year is not only an advancement in seating arrangement but also an advancement in our lives. When arriving on opening day, familiar faces comforted us and the sight of new juniors added excitement. Unity Weekend was a great opportunity to bond with our class. Not even the chilly air on the night of the cruise could dampen our spirits. Then the next day, the extraneous hike at Mount Major helped our class bond even more.

Junior year has helped our class to grow as individuals and as a whole. Our unity has increased as well as the workload and the thought of college is just around the corner. With hopes of success and surving the year the junior class will continue to strive for the best and to reach our goals. Despite all the hard work that has been put into this year, it has been fun. We can never forget our class, the class of 1997's junior year.

-Kathy May '97

Russ and Alec are sandwiched by the Goldworm twins.

Lysee and Lindsay enjoy one anothers' company in the F.B.

Some Junior girls welcomingly smile and huddle while they enjoy their evening.

Members of the class of 1997 gather on the Sager Bowl for a quick photo.

The enitre Junior class gathers in front of Phillips to listen to a speech before heading off on a funfilled trip together.

Rothy takes a break while he enjoys spending some time with his new class.

Jason grabs some food and avoids some chaos at the fieldhouse.

Jackie, Brandi, Meta and Rachel share some laughs as they prepare for the bus ride for the Junior class trip.

Drew, Todd and Rob are all in costume and ready to have some fun during Airball.

Jodi and Mara continue to bond during their school year while they enjoy a day in the sun.

Junior guys spend some off thier free time in the squad

Leap from 9th to 10th Grade

Having a little over one hundred members, the sophomore class is by far the largest and, if I may say so, the most talented group of students at GDA. However, you'd be hard-pressed to find a more close knit troop. We received numerous new classmates this year and succeeded in embracing every last one. In preparation for our ascension into the upper class, we are always working with the juniors and seniors, whether it be sports or the arts, so that we can soon take over the mantle of leadership. No longer the shy, timid teens that left home in September, confident and powerful young adults have taken their places. GDA has prepared us not only in our academics, sports, and fine arts but as responsible students ready to take on and defeat any challenge. The future offers many obstacles but we know without a doubt that we can handle anything. For many of us it has been a very active last two years and all of us can look forward to more incredible years.

Freshmen Leap into High School

Getting aquainted and sharing new experiences.

By Rebecca Messinger '99

Every class at G.D.A. has its own unique qualities, but I think the class of 1999 is very special. We are not only the last class to graduate before the year 2000, but we also have quickly developed a lot of class unity.

When our class first arrived at GDA we were overwhelmed with the environment and had to quickly learn where all the buildings were located while trying to acquaint ourselves with our peers. Yet for me, it has been a wonderful experience getting to know you guys and I feel that our class has progressed a lot this year. Even though the Freshman class has not been together for that long, I am very proud or our accomplishments and look forward to our years ahead.

Playing through a challenging season

Men's Soccer

Starting off with a successful trip to Italy, we began the season with high expectations. After a rough season the previous fall, we were determined to achieve our goal of post-season play. With a strong contingent of returning players and the addition of some new comers, we showed dramatic improvement. Though we did not achieve our goal of post-season play, the team had fun playing some very exciting games. Good luck to next year's players and captains Cam Larson and Jason Richter.

A diverse team unified by high hopes

Women's Soccer

The diverse group of returning and new players provided the women's varsity soccer team with a new outlook. From the start, every member was dedicated and determined to improving her individual and team skills. The team quickly unified and high hopes were set at the start of the season. Motivation from the sophomore girls and leadership from the seniors allowed the team and coaches to feel comfortable with one another on and off the field. Good luck to the team and next year's captains. Confidence will make the difference in the 1996 season.

Cross Country

• • • • • • • • • • • • • •

The Men's and Women's Cross Country teams both shared a triumphant season. Several runners joined the teams this year and helped increase the team's depth as well as secure decent standings in the ISL and New Englands.

Although several injuries plagued the teams early in the season, it was apparent that in the end the hard work and struggle paid off. Andy Ramirez, Doug Cameron, Val Oriol, Kathryn McCandless placed in the top fifteen, with Claire Shearman victorious in the New Englands and the I.S.L's. All the runners' contributions, determination, and perserverance added to the improvement to the two teams this year.

Although our record might not reflect it, this team put forth tremendous spirit and dedication throughout the entire season. We are both really proud of you all for never giving up when times were rough. We hope you will all remember this season as one filled with lots of laughter and good times - our infamous gossip sessions, fun runs, costumes, and cooking for our favorite boys...

On behalf of all of the seniors, we want to wish you the best of luck for next year.

Governor Dummer's 1995 Varsity Football season proved to be a gem. The team came prepared and ready to work at pre-season, and improved with each game. With a fantastic win against Brooks the league was soon aware of our presence.

The dedication put forth by the players and the coaching staff proved to be a crucial force in our success. The season ended with us putting our last attack convincingly on the Brunswick school.

Congratulations to the team and coaches for a stellar season. Everyone should be proud of our accomplishments and our efforts. Good luck to next years team and Captains.

Unfortunate Season

Men's Hockey

The Men's Varsity Ice Hockey team had a long and uneventful season. Every time the team seemed to be turning the corner something would set us back. The team endured several injuries to many key players during the course of the season. Unfortunately, the team never came together as a cohesive unit. The team finished without ever earning a victory but this was not an accurate reflection of the team's talent. The team played extremely competitively against Thayer. Good luck next year to all of the returning varsity members and to captains Patrick Rothwell and Hans Carbonneau.

The 1995-1996 season for the Men's Basketball team was a great improvement over last year's season. Winning the Kent School's Christmas Tournament and receiving an invitation to the Division III tournament were milestones for the Varsity team.

Looking to the Future

Volleyball

• • • • • • • • • • • • •

This year's volleyball team has made a tremendous improvement in its ablities. Everyone on the team worked hard to make our goals become realities. We won our first two games, which led us to a final record of 5-5. With Hilary Friend's strong serve and MVP Becky Stephenson's setting, we were able to come out on top of many of our opponents. Everyone pulled together at the end to make it to the A.I.S.G.A. tournament, which G.D.A has not been invited to in five years. We came in fourth place out of six teams. This was a positive way to end our season, since we were seeded last.

Ms. Michelle Cahill's dedicated hard work and coaching, along with the assistance of Joy Haffer, made us a better team. Special thanks to Jordan Miller, our committed manager. Good luck to next year's captains and graduating Senior Hilary Friend! Hopefully the team will improve and secure a winning record next year!

Wrestling

This year the wrestling team enjoyed one of its best seasons since the mid-1980's. Under the leadership of Mr. Hudson the team battled through a very tough ISL schedule to finish with a very respectable record of 9-8.

The team was built around the leadership of Seniors Jorge Flores, Matt Nacol, and Jeremy Gillis and captains Chris Coleman, Corey Merrity, and Mike Shedoski. This talented group helped the underclassmen to improve their skills and harness all of their potential.

The graduating seniors wish the best of luck to next year's team and hope that they can build on this year's success.

The Graves Kelsey Tournament

• • • • • • • • • • • • • •

The Graves Kelsey Tournament is held every year at a different school in the Independent School League. Fortunately for the class of '96, the Graves Kelsey came to G.D.A. two times during their four year tenure. The Graves Kelsey tournament was an incredible success this year. Mr. Hudson, Mr. Finn, Mr. Weigel, and everyone else involved did a remarkable job.

Jason Greenberg was up to his usual games as the announcer. He made it a lot easier to know what wrestlers were wrestling on the four different mats. Finally, the wrestlers deserve all the credit for all of their hard work and perseverance. Governor Dummer wrestlers had a very good showing at this league event. In particular, Mike Moore, Corey Merrity, Chris Coleman, and Mike Shedosky all placed in the top six. As a team, G.D.A. fininshed a disappointing tenth place after having placed in the top eight in the league.

Next year G.D.A. hopes to compete on a level with perennial powerhouses like Belmont Hill, St. Paul's, and BB&N. All three of these schools faired very well at this year's tournament.

The Ski Club squad stands outside the Field House during the cold winter months.

Ski Club is a great experience. It is not known for its competition, and for many it is considered a vacation. During the long and dreary weeks of winter this year's Ski Club was kept busy with a variety of indoor sports, from street hockey to basketball. Then, on early Saturday mornings, Ski Club members would have to wake up at the crack of dawn to make the long trip up to Waterville Valley. Fortunately, the skiing and snowboarding made the entire trip worthwhile.

Ski Club members enjoyed great skiing conditions over the past year due to all of the snowfall. This year's club, which included over thirty students ranging from the classes of '96 to '98, will be remembered as one of the greatest in recent years. Ski Club members got to associate with students they probably never would have met.

The entire Ski Club thanks Mr. Searles and Mr. White for all of their hard work. Without these two esteemed faculty members, Ski Club would only be a memory and not a reality.

A Banner Season

Men's Lacrosse

Although the men's lacrosse team suffered a few early defeats, they were able to secure a winning season. Facing some of the strongest teams in the league early on did not bring down the spirits or hardwork of the players. Highlights of the season began with Todd Winters shotgun overtime goal against St. Paul's.

Many players contributed a great deal to the team's success and were recognized by the league. Brad Walker, Eric Danielson, Aaron Sells, and Keith Blades all acheived All-League Status and Aaron Sells was named All-American. The team's prominent success came at the finale of their season as they finished with a seven game winning streak.

Repeat Success

Women's Lacrosse

As Women's Lacrosse took to the field they were filled with high hopes of a repeat winning season. Achieving some early round victories proved that their intensity and talent remained. Unfortunately, the team faced some challenging opponents during the middle of their season, and although valiant efforts were made, the women's lacrosse team did not prevail.

The women's lacrosse team managed to keep their heads high through some hardship losses and secure a winnning season. Highlight performances were seen by Senior star Kate Manzella who will be missed next year. Small Team Finishes Strong

Men's Track

• • • • • • • • • • • • • •

The 1996 Men's Track Team was not a huge one. Because of their lack of size, they did not win many regular season meets. However, when it came down to the ISL and Division 3 New England Championships, the GDA men shined.

Although, the men had a small team, the strength of individual competitors led to the strong N.E. finish. In the weight events co-captain Jason Rivera and Dan Gadzuric went one and two in the discus. The men also fared well in the shot put. Co-captain Raymond Long took first in both the long and triple jumps and second in the 100m dash. For the distance crew, Alnardo Ramirez had a strong performance, taking first in both the 800m and 1500m. With only three seniors leaving, it is up to those left to continue training in order to have a successful year.

Young Athletes Grow Together

Women's Track

This year's women's track team endured a difficult season but managed to grow as a team. Led by returning athletes such as Missy Green, Kathy May and Kathryn McCandless, the team added many new and youthful faces in the likes of Claire Shearman, Lily Chang and Megan Goodwin. Indeed, with an infusion of youth and experience the future looks bright.

This season progress was made on both the team and personal levels, though we wish we had performed better in meets, especially the championships. With only two seniors graduating, we look forward to next season.

Cristina Kennedy plunges into the sand after a strong jump.

Waiting at the starting line, Claire Shearman is ready to out race her opponents.

Missy Green warms up before she takes to the track for her event.

Jason Greenberg tries out some various serves during practice.

A Satisfying Season

Men's Tennis

The men's tennis team took to the court this year prepared to play strong. The team welcomed new faces and the ladder was led by returner Jeff Gilberg at number one.

The first two matches were a little tough as the men faced two of the strongest teams in the league. The team, by not getting discouraged and playing harder, managed to secure some solid victories early on. A strong win against BB&N provided the team with more confidence, and although a few matches were lost towards the end of the season, a strong win over Brooks completed a satisfying season. Captain Jeff Gilberg was named All-League and Jason Greenberg received Honorable Mention. Good Luck to the team and to next year's Captain, Ian Clyde.

Welcomed Success

Women's Tennis

This year's Women's tennis team enjoyed their best season in quite a while. When first arriving on the courts, nerves seemed to plague many of the players, but after a few strong matches the team realized they had a chance to succeed.

After many fine matches the team had gained confidence and the proudest moment of the season came at the last match when we defeated Brooks. Never before had this accomplishment happened. Good Luck to next year's team and Captain Lindsay Packard '97.

Coach Hashimoto, Captain Meyer and Coach Southam.

Polly Titcomb in a grueling match, exhcanges some hard-to-handle ground strokes with her opponent. This two fisted backhand is sure to sail past her opponent.

Lindsay Packard confidently reaches up to smash a backhand volley.

Star pitcher Jason Carrier throws another one of his hard-to-hit fastballs.

Roller Coaster Season

Baseball

The Varsity baseball team managed to secure a winning season but also endured some struggles.

Led by tri-captains Brian Rybicki, Scott Coulon and Lamar Robinson, the team tried to focus and remain consistent. The talent of this team was apparent with returning and new players. G.M. Vancott played many fine games at catcher and Scott Grenier had a great season at the plate. Newcomer Jason Carrier also contributed some superb pitching to the team's victories and will be an asset next year. The team scored some exciting victories and next year will hopefully secure an even better record.

Golf

• • • • • • • • • • • • • •

Although the record does not reflect it, the GDA men's golf team shared a great season. This was the first year that such an interest was shown in men's golf that cuts had to be made. Unfortunately, the team did not secure a win but did improve throughout the season and showed much dedication.

Led by Captain Chris Coleman the team put forth a tremendous effort while enjoying some laughs with Coach Moonves. The squad even managed to acheive a tie against Lawrence during one of the last meets of the season.

Hopefully next year's season will produce a better record with many of the same faces returning.

What has been your most memorable moment with a senior this year ?

"Each encounter I experienced with a senior is memorable in some way. The most significant memories surround those moments when someone embraces self-knowledge and can trust her or his ability to reason and understand. The seniors also keep me wonderfully aware of the existence of humor and irony in our world. "

Do you think smaller classes benefit the students as well as the faculty ?

"Yes. Smaller classes put more responsibility for learning on the student: in a smaller class, a student can't hide his lack of preparation, and can show off his thorough preparation. Also, I learn a great deal from the students in my classes, as if we were having a conversation. "

If "Life at G.D.A" were a T.V. show, who would star as Mr. Bragdon ?

"At first, thinking of Saturday night Open Houses and Mr.Bragdon's folksy nature parables at morning meeting assemblies- his patient examples and instruction in "gracious living" -- I considered Captain Kangaroo's friendly neighbor, Mr.Greenjeans. But Fitting the bill far better would be *M*A*S*H* star Colonel Potter (Harry Morgan) -- a straight-shooting humanitarian, physician and soldier, proudly old fashioned in his values, trying as best he could to set a worthy example to those in his charge of "grace under fire". That, to Ernest Hemingway, is the definition of courage; to me, it seems a good definition of "gracious living"."

What is your favorite quote and why ?

"There hasn't been any one particular quote that has been a favorite, that has been something to live by or direct a way of thinking. However, if I were to choose one, it would be 'Just Do it'. Whatever the challenge, if it was something wanted with a passion, with need, heart, spirit and love, then do it, simply do it...'Just Do It'! It's your life; fill it with your choices, made with care and awareness ... 'Follow your heart'. Oh, there's another of my favorites...!!!"

The class of 1996 entered GDA four years ago with hopes of success. The class embraced and welcomed new students while lasting friendships began. They sat patiently year after year and cheered as students received their diplomas and leaped over the wall and they imagined and waited for their day.

The class of 1996 has come a long way since September of 1992 when their journey began. The years have passed quickly and June 7th finally arrived. Seniors completed their Spring terms and finished their final papers, attending what would be their last classses at GDA. Wednesday night before the Graduation exercises started, the entire class gathered in Phillips to enjoy a final dinner with the faculty. The class watched their slide show, presented the faculty with the Senior gift, and reminisced about past years. Before long High Tea and Baccalaureate services had arrived. Family members and friends gathered in celebration of the class of 1996. The senior class marched into the Moseley Chapel to listen as Alyssa Marden and Mr. Finn gave their eloquent speeches. The talented Ariel Ebacher gave one of her final performances at GDA as she danced beautifully accompanied by the music of Todd Horvath and Tasneem Nanji. Emotions from laughter to sadness began to permeate through this graduating class. The class has watched as talented musicians like Todd Horvath, Tas Nanji, Jason Olbres, and Kenichi Mizutani, graced the stage. The class endured the terrible loss of Chris Marden shortly after Sophomore year and took a moment to remember his friendship and quiet spirit during the graduating days. Reflections on the past soon triggered moments of silence and feelings of nostalgia. Before long the Awards Ceremony in the Alumni Gym began and the chance to recognize and congratulate members of the class of 1996. Following the Awards Ceremony many students proceeded to a dinner with their family and eventually returned back for a final dance with their fellow students.

Shortly thereafter the class of 1996's realized that their career at G.D.A. was coming to a close as the morning of graduation arrived. After a long night talking to dormmates the Senior class congregated at the Mansion House for their last breakfast at GDA. Socializing and sitting for one last time, the class shared their memories of their high school career. Who would have thought that Jason Randlett would have made it this far, or that the Mr. Rowe and Mr. Anderson would also be bidding their final farewells before retirment. The Seniors finally gathered and followed the faculty as theywere put on and the marching to their seats. Mr. Miner gave the Commencement address and inspired the Senior Class to walk confidently in the direction of their dreams. Finally, after four years of determination and hard work eighty Seniors were awarded their diplomas. The time arrived, the benediction by Mat Perry was over and the Senior class marched around the Milestone and darted towards the Mansion House wall for the glorious leap in front of hundreds of friends, family, and faculty. Then, the bottles of champagne were opened and the cigars were lit. Seniors congregated in front of the wall as hugs were given and tears were shed.It seemed as though the class of 1996 had just arrived for orientation four years ago and now we had just graduated. The class looks to the future and awaits the year 2000, when their next big leap begins. Good luck to the Class of 1996 for continued success.

The Morse Flag

Even in four years how could anybody accomplish so much? Consistently earning high or highest honors, **Raymond Moses Long of Lynn** has taken the most demanding curriculum. He saw his senior program of English, French 5, AP Calculus (BC), Advanced Chemistry and Introduction to Studio Art as another challenging joy. His academic honors include a commendation from the National Merit Scholarship Corporation, semi-finalist selection for the National Achievement Scholarship for Negro Students, the Memorial Mathematics Prize for a junior who is outstanding in mathematics and membership in the Cum Laude Society. Raymond embraces learning: Teachers have referred to him as an "amazing scholar," as one "with a strong intellect who was not afraid to let it shine" and as one whose "papers read as if they were written by the author." Another teacher commented, "I cannot say enough to express my admiration."

In his four-year athletic career he progressed from membership on Governor Dummer's thirds soccer team to selection as an All-League player and MVP of a New England championship football team, from thirds basketball to dual captaincy of a varsity basketball team that was invited to the New England's. In varsity track Raymond soon became a record-holder in the triple jump while also providing exceptional performances in the long jump, the 100-meter dash and the 4-by-100 relay. Again, his attitude took his ability to remarkable heights: His fierce desire accompanied every action in athletic competition. A proctor in a freshman dormitory, co-president of PRIDE, a core member of the academy's resurrected Debating Team, a selection for the Honor Society and a member of our strong Mathematics Team, Raymond's service extends beyond the boundaries of Governor Dummer. At home he is active in the Zion Baptist Church and My Brother's Table, a soup kitchen.

He is a model athlete, a devoted student, a servant to others. There seems to be no limit to his near-perfection as a performer and a person. His Governor Dummer story already has the stuff of legends. A team returned from an away contest and emptied off the bus with a cursory gesture toward leaving it neat: Raymond alone stayed behind to leave the bus spotless. His own words in an essay form the best conclusion of this tribute to a truly remarkable recipient of the Morse Flag: "I try my hardest to be kind."

The Academy Prize

These are appropriate words for **Lauren Elizabeth Carroll of Topsfield**, the recipient of this year's Academy Prize. She is a good student who welcomes the demanding challenge: Her choice of AP english, AP (AB) calculus, German 3 and Post-War American History reveals her search for challenges. Her approach to life permeates her academic performance. Her teachers refer to her candor and genuine intellectual curiosity. One commented, "she likes literature and celebrates even the bizarre characters with her spontaneous admiration, indignation or laughter — a long-winded way to say she is good fun to teach." Thus, she contributed her enthusiasm as well as her mind to her academic quest. Lauren has been so involved in service one can wonder how she was able to create such athletic accomplishments in addition to her academic success. She played varsity field hockey for four years, winning along the way two coaches' awards, a captaincy and honorable mention for All-League. She progressed from JV basketball to center on varsity ice hockey. In lacrosse she played varsity for four years and was an integral part of last year's championship performance and this year's strong showing. Now to the core of Lauren's remarkable years at Governor Dummer Academy, her service to others: Special Olympics, the Big Sister program, president of the Health and Wellness Committee, Freshman Leadership Incentive Program, selection for the elite and challenging Discipline Committee, sophomore class president, Social Committee, Red Key — and this does not exhaust the list. Through her involvement with the Massachusetts Society for the Prevention of Cruelty to Children, she was involved with AIDS awareness and cared for HIV-positive babies. At Christmas time her caring tree raised $500 for these babies. Her immense service to so many people has earned her many honors, such as the Peter Marshall French Award in her Award in her junior year.
Clearly, she has earned the admiration of students and teachers.

"I wish I had kept a record of the many comments by members of our community marveling at her goodness and her acts of kindness," Mr. Bragdon said.

The Headmaster's Cup

"I admire his determination, his sense of decency, his sense of responsibility and his drive." These words by one of his teachers capture the core of **Brian Rybicki of Newburyport**, this year's recipient of the Headmaster's Cup.

His Governor Dummer years began at birth: He was raised on this campus by remarkable parents; an older brother and sister preceded him through the academy. During his childhood he went to practices and the gym all the time, and he absorbed the teachings of his father and mother, as well as other adults in the community.

Brian entered the academy ready to choose "the harder right over the easier wrong," to steal words from the Cadet Prayer of West Point. On his tour through his final four years at Governor Dummer Academy, he achieved honors or high honors while choosing the most challenging courses, such as Advanced Placement English, Advanced Placement German and Accelerated Physics. In these endeavors he has offered "an eager mind ready to absorb all that is possible," to return to the words of his teacher.

He has given us an example of what a student body president can be with his integrity and his eloquence, an eloquence right from his heart. On his way to the leadership of the student body, Brian served with Special Olympics, on the Health and Wellness Committee and with Red Key. He dealt with the immense responsibility of the Student-Faculty Discipline Committee.

Included in his journey through Governor Dummer Academy has been an enthralling sense of humor with a particular ability to imitate his teachers. Wally Rowe is his favorite victim.

A theme to Brian's life has been involvement in sports. A year on JV football and three years on varsity football culminated in his being tri-captain of a New England championship football team. He also has been a member of varsity baseball for the last two years.

What words can fully capture this young man: character, spine, grit? The most accurate statement is that he is the embodiment of the teachings and example presented by his father to his son and to his students. His family can be very proud of him. So are we.

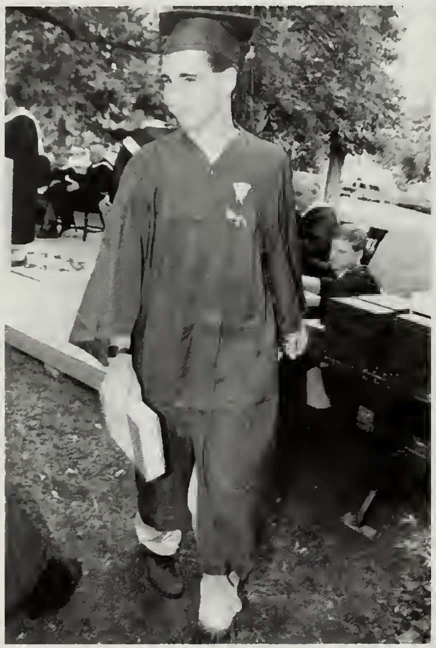
The Thorndike Hilton Cup

The education of each of us is not a competitive enterprise although much in American culture today seems to teach our young that all things scholastic have meaning understood only in the language of business, government or professional sport. Learning should be cherished as the fulfillment of human development. Through the presentation of this award, the faculty of Governor Dummer honors the intellectual growth and academic achievements of all its students.

Any ranking scholar must embody diligence along with intelligence. **Zoltan Bela Szuts of Byfield** has begun to engage the world of ideas. Not as wages of victory in competition but as an emblem for the scholarship to which we hope all students aspire, Mr. Lenane, on behalf of the entire faculty, awarded Zoltan with the Thorndike Hilton Cup and Medal.

Special Prizes

An alumnus of the class of 1911 at the academy, father of an alumnus, friend and neighbor of Edward W. Eames for years during the latter's retirement until their deaths in 1975 within days of one another — and for many years a generous benefactor of the academy — Milton L. Dodge of Newburyport in his bequest provided for the continuance each commencement time at Governor Dummer Academy of special prizes to be awarded to "members of the senior class whose perseverance, courage, initi tive, sense of responsibility, loyalty, and/or concern of others have contributed to the strength of the academy." With gratitude to Mr. Dodge and his family, we award our special prizes:



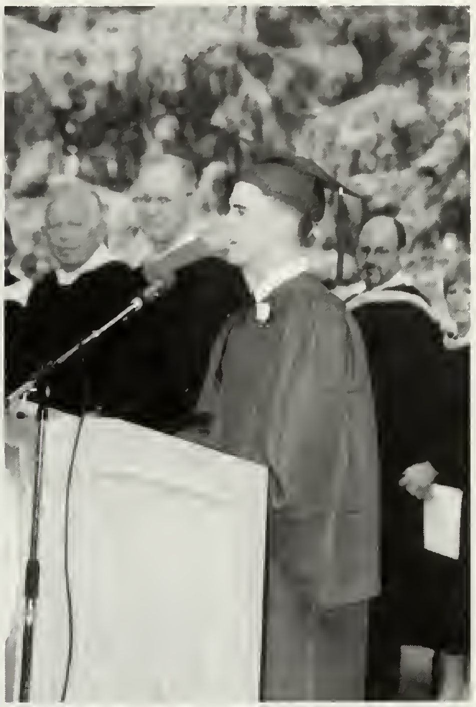
The words of our college counselor capture **Jeffrey Alan Gilberg of Swampscott**: "A highly motivated young man, he is genuine, kind and empathetic towards others." Academic high and highest honors and membership in Cum Laude while taking four advanced placement courses in his final two years were the result of diligent effort. All-League in tennis and captain of this year's team, one of the founders of the reborn Debating Club, an actor and singer on the stage, a proctor in a freshman dormitory, his superior organization and discipline found time for a full and contributing life at Governor Dummer Academy. At every juncture his decency is apparent.

Katherine Dobie Meyer of Dedham has the drive and desire to succeed. Her willingness to work hard has created a fine student who is a pleasure to teach. One teacher commented, "I wish I could have a whole class with her attitude." Another commented, "she is enthusiastic and tenacious in her approach." Her tenacity has earned success in varsity field hockey, varsity ice hockey, and varsity tennis — and the captaincy of the latter two sports. Her maturity made her a natural choice for a proctorship, and she served in Red Key, SADD and the Admissions Office. She can be very proud of her accomplishments at Governor Dummer.

Six weeks after arriving at Governor Dumme Academy as a tenth grader, **Lauren Meara Abernathy of Topsfield** sang on stage, an she remained on the stage through her remaining three years. She was a lead in *Anything Goes*, was the narrator for *Joseph and the Amazing Technicolor Dreamcoat* and enhanced ATV, our selective singing group with her superb alto voice. Off the stage she was similarly active as a fine stude a tour guide, a Special Olympics volunteer and a member of our Honor Society, SADD Red Key and numerous clubs. To all involvement she brought an effervescent personality and the stamina, confidence, enthusiasm and commitment to debate, discuss and contribute.

A morning meeting without an announcement from **Ji Hoon Hwang of Seoul, Korea,** was not complete. He spoke of such things as the International Student Club and his Dahn Training Club, dealing with mental and spiritual discipline. In a foreign land and during just two years at Governor Dummer, he became a bonding force in his new community, speaking out for genuine respect among people of different heritages. He earned high honors taking a demanding program and excelled on the guitar at our concerts. With his intellect, determination and interpersonal skills he leaves a better school in his wake.

The following partial list begins to capture the range of accomplishments from **Jonathan Todd Walters of West Newbury**, a capable, tireless and genuine individual: co-founder of Governor Dummer's rejuvenated Debate Team, vice-president of the German Club, participant in the Harvard Model Congress, member of the Math Club and the Honor Society, recipient of Navin's Soccer Award and the basketball Coaches Award, winner of the Francis Scholarship for substantial intellectual progress, selection to the Cum Laude Society, service to Red Key, the Special Olympics and Freshman Leadership Incentive Program. His enthusiasm for learning and for the gift of each day is infectious.



Jeffrey R. Labelle of Manchester, N.H., chooses challenges. He does not flinch from tough challenges; he looks for them. He loves to learn and takes pride in his immense academic accomplishments. At times ranking number one in his class during his four-year tour through Governor Dummer Academy, he earned membership in Cum Laude. His dedication to his community is very clear in his leadership of the production of the yearbook. He has also made contributions to our community through his work in the Freshman Leadership Incentive Program, in varsity hockey and baseball, in the Special Olympics and in all contacts with peers and underclass people.

The Alumni/ae Association Award

The Alumni Association Award is given to that student who has shown ommunity spirit and concern within the academy during the senior year, thereby ecognizing the recipient for qualities of awareness of others and of humanity hich over the years have continued a part of the Governor Dummer tradition.

Kathryn Ann Renna of Newburyport, entered the Academy as a eshman in 1992. A day student for four years, she has been an extremely active nd dedicated member of the GDA community.

Her teachers praise her for her positive attitude, work ethic and outstanding erformance in all her academic pursuits. She is a dilligent and hard-working student ho is a role model for others. A recent inductee into The Cum Laude Society, she as done particularly well in mathematics and science.

Katie's positive presence has been felt throughout the school community ecause she commits effort and energy to every task. Over the past four years she as been a member of the Social Committee, a tour guide every year, a member of tudents Against Drunk Driving (SADD) and a French Building Proctor. She has erved on Red Key for four years and was one of this year's co-chairs.

She has also been active in community service and recently completed her enior Spring Term project, teraching Kindergarten at the Brown School in Newbury-ort.

Her diligence and hard work have paid off in her athletic endeavors as well. member of the varsity soccer and hockey teams for the last three years, she has eceived the admiration of her coaches and teamates for her spirit and enthusiasm.

Katie received a replica of the brass key to the Little Red Schoolhouse as a oken of those qualities cherished by th Governor Dummer Alumni/ae Association.

Moody Kent Prizes

Art

Toban Antal Szuts of Byfield has placed no limits on his abilities in the field of art or in his overall academic pursuits. He has worked with boundless energy, expanding his knowledge, experimenting with materials and trying out his ideas in three-dimensional forms. He has shown no fear in intensive pursuits: no fear of failure, no fear of hard work, no fear of taking risks. He has allowed himself to learn from his successes and failures, and his work exemplifies the joys of discovery.

English

Naomi Odell's quest for knowledge is a serious one, where she
often leaves her teachers exhausted from her probing and illimitable
questions. With both fortitude and faith, in the purest sense of the words
this Newburyport resident seeks her own truth in the difficult but re
warding journey of learning. She carries herself and her beauty like a
queen, whether she is reigning over her competitors on the track o
regaling her friends with adventures from Nepal or joining her voice i
song for God.

German

Eric Deane Frank Gordon, a fifth-year level Honors student hailing from Hyattsville, Maryland, has achieved an unusually high degree of German language mastery. Motivation, dedication and initiative characterize his quest for near-native fluency. After spending an exchange year in Germany on the North Sea Island of Sylt, he enrolled at GDA, where he has continuously enhanced his peers' learning experience in the classroom by his strong work ethic and enthusiasm.

French

Raymond Moses Long of Lynn has distinguished himself in the study of French. A fifth-year student in the language, he has earned High Honors grades and set exemplary standards of achievement, both in his oral and written expression. His ability to grasp, retain and use new concepts — with a high degree of accuracy — has delighted his teachers. His attention to detail and his understanding of both French syntax and literature have resulted in a strong command of the language.

Music

Zoltan Bela Szuts of Byfield has a tangible depth and an inte
sity that are riveting. Through diligent practice and keen insight in
the theoretical workings of music, this musician has gone farther tha
any in his class toward combining intellect with intuition, the two k
elements that turn Art into Fine Art. From Beethoven and Brahms,
Brubeck and Thelonious Monk, from classical and jazz piano to th
blues on harmonica and guitar, he has done it all. The academy is
better place because of his music and his mind.

Math

Helen Leung of Hong Kong exhibits all the qualities necessary for outstanding achievement in mathematics. She has an inquisitive mind, perseverance, diligent work habits and an affinity for doing mathematics. Her understanding of the concepts and theory of mathematics allow her to solve problems that are well beyond the normal secondary school curriculum. Her mathematical solutions to problems are written in a style that could be used as textbook solutions, and she is able to present her work with sound reasoning and carefully thought-out logic. She completed the accelerated AP curriculum her junior year, and this year she studied mathematics that is normally reserved for sophomores in college. Her shy and serious nature lends dignity to this award.

Latin

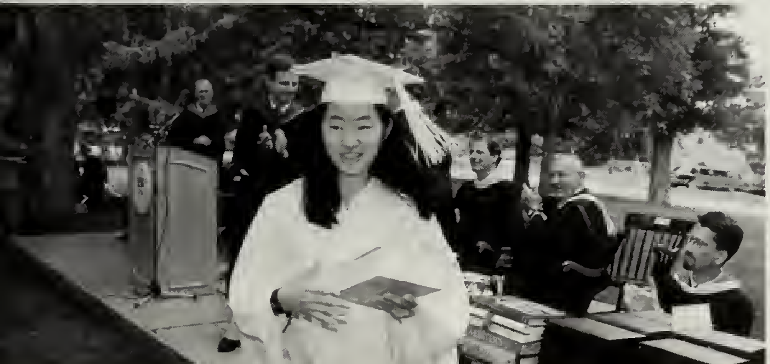
Ask him about Vergil, or Aeneas or Augustus, and **Jeffrey A. Gilberg of Swampscott** will tell you all he knows. But be ready to listen because his theories are valid and precise, supported by facts. While reading for the Latin AP Exam in a one-person class, he conducted himself as a scholar, with poise, skill, dedication and curiosity. His language skills are solid, and his comprehension of the Aeneid and its subtleties runs deep. As a four-year student, his accomplishments in and contributions to the Classics are many: High Honors achievement, National Latin Exam recognition and the translation of an English fable into Latin meter, to name a few. A Vergilian maxim reflects his nature:*Labor et amor omnia vincunt*, "Hard work and desire conquer everything."

History

Ariele Ebacher of Newburyport is described by her teachers as the personification of our academic community's commitment to learning. She is a voracious reader with limitless intellectual curiosity. Her gentleness of spirit and empathetic understanding, combined with her superb and tireless diligence in all areas, make her a much-coveted student.

Science

Boonsit Yimwadsana of Bangkok, Thailand, shows the true scientist's inclination to dig for material that is not readily apparent. He brings hard work and determination to everything he does. He is an analytical and rigorous thinker who asks excellent and far-reaching questions and has achieved near-perfect results in both mathematics and science. A budding engineer, he will play a significant role in his country's future.



Spanish

It is unusual for a teacher to have a student who not only is motivated to master complex grammar and syntax, but also shows great sensitivity to cultural values. **Gabrielle Hea-Eun Coffin of Marblehead** gives us the opportunity to honor such a student. In class she has been a voice for understanding cultural differences. She also expresses herself in authentic and accurate Spanish, which should serve her well as she enters the world of higher learning.

Ambrose Speaking Contest Winners

There have been Ambroses connected with the Academy for, at the very least, a century. Headmaster Peter Bragdon says he suspects the Ambrose Prize Speaking Awards date back to the 1890'S, when Fred Marden Ambrose was a trustee. On the evening before commencement this year, three seniors demonstrated the happy outcome of the conjoining of thought with eloquence.

Second Prize

This year's second place speaker, **Jonathan Todd Walters of West Newbury**, is a dynamo. He is charming, engaging, thoughtful, a natural leader. We have observed his enthusiastic leadership on the varsity soccer field, on the varsity basketball court and at morning meeting. He has been involved in the Freshman Leadership Program, Special Olympics, campus tour guides, Red Key, the German Club, the Math Club, Harvard Model Congress and EPIIC Model U.N. at Tufts University. Todd re-established the Debate Club which held its first invitational debate in February in Byfield. He is a visionary thinker and an inspiring speaker.

First Prize

For four years on the Chapel Committee, this past year as president, **Ariele Ebacher of Newburyport** has been the spiritual leader of this community in title and in deed. A thoughtful scholar, she won the Dartmouth Book Prize last year for outstanding achievement by a junior in English. She earned membership in the GDA Honor Society and in Cum Laude. She excels in dance and in theatre. She is a company member of two local, but widely respected, performing groups: Exit Dance Theatre and Theatre in the Open. On campus, she is president of the student-run dance organization, Smith & Company. As she showed in her Ambrose speech and on other occasions, Ariele speaks from heart to heart. We are blessed by her presence and all that she has given us. As Mr. Wann presented Ariele with the Ambrose Speaking Award, he quoted Prospero speaking to another Ariele: "I shall miss thee, / but yet thou shalt have freedom."

The Goodwin Athletic Award

The Goodwin Athletic Prize, established by Mr. Fred H. Goodwin of the Class of 1916, a trustee of the academy from 1916 to 1949, is given to that senior boy who, by his athletic achievement and sportsmanship, has brought the greatest honor to his school during the past year.

In football, basketball and track, **Raymond Moses Long of Lynn** characterizes the highest standard of talent, sportsmanship and class. When he stepped into the arena of competition, players, coaches and fans knew something exciting was going to happen. In football, he was MVP, Coaches Award winner and All-League selection. In basketball, he was a two-year letter winner and co-captain his senior year. In track, he was a four-year letter winner, co-captain, Coaches Award winner and MVP. He was All-League in both the long jump and triple jump, and he won the New England championship in the triple jump in his junior and senior years. He holds the New England record in that event. He is a dedicated team player who leads by example both on and off the field.

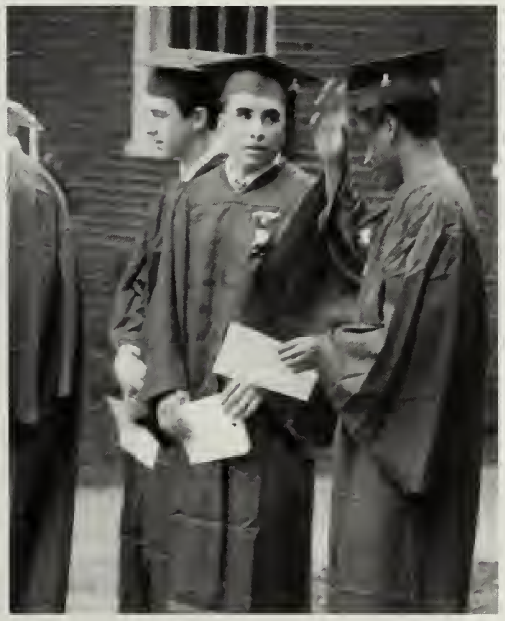
A member of the Cum Laude Society, Ray truly is a scholar-athlete. He has represented himself and Governor Dummer Academy with the highest degree of class and honor.

The Anne Marie Murphy Athletic Award

The Anne Marie Murphy Athletic Award is given annually at commencement time to that senior girl who, by her example and her achievement in athletics, has brought the greatest honor to her school during the past year.

A tenacious competitor, **Kate Elizabeth Manzella of North Hampton, New Hampshire**, has been the heart and soul of every team in which she has been involved. Her will and stamina have allowed her to improve in each of her 12 seasons on our playing fields. As a junior she was the Carl A. Pescosolido Award winner. In soccer she was a four-year letter winner and tri-captain in her senior year. In basketball, she was a four-year letter winner, co-captain, MVP and All-League selection. In lacrosse, she was a four-year letter winner, MVP, All-League selection and All-American. She has set a standard for leadership, perseverance and achievement that will challenge others for years to come.

The Peter Marshall French Memorial Trophy



The French Memorial Trophy is given by his sister in loving memory of Peter Marshall French. It is inscribed each year with the name of a student at any level whose perseverance, sportsmanship and generous spirit on the playing field, regardless of distinction as an athlete, represent the highest standards of participation. An inscribed scroll accompanies the trophy.

A letter winner in football and wrestling, **Jorge Armando Flores of Los Angeles, California**, is best known for his hard work, enthusiasm and competitive spirit. While he may not have the natural ability that some others on the team possess, his effort to improve and his desire and commitment to being his best have always impressed everyone he is around. He represents the very best qualities our athletes have to offer.

A member of the Cum Laude Society, he truly is a scholar-athlete. His determination and his support for his teammates allow him to be a most fitting recipient of this award.

The Barriskill Prize

The James M. Barriskill Prize, established in 1960 by the students in memory of Mr. Barriskill of the faculty, is awarded annually to that member of the senior class who has made an outstanding contribution in the field of music at the academy.

Governor Dummer Academy has been blessed with a bounty of musical talents in the class of '96. This is a class of unforgettable musicians: Katie Lyons, Tobi and Zoli Szuts, Jeff Gilberg, Ariele Ebacher, Jane Livingston, Jason Olbres, Jessica Stormont, Lauren Abernathy, Nathan Hassell — all have provided us with some of our best memories of this class. And Kenichi Mitzutani's guitar playing is the stuff of legend.

Our heartfelt thanks goes out to them and all the members of their class who graced our stage with their great performances of the years.

Still, there are two musicians who stand out: **Tasneem Azim Nanji of Gainesville, Florida**, and **Todd Horvath of Marblehead**.

They stand out not only for their performances and their talents, but also for their remarkable progress and their drive to learn and improve. In each one of them burns that creative spark that has grown into a bright flame before our eyes. They grew through steady practice, self-discipline and unbridled enthusiasm. Their music has spoken for itself and will continue to do so, for we have not heard the last of the 1996 co-winners othe Barriskill Prize.

The Mercer Art Prize

In 1982 Kittie and Tom Mercer made possible the Mercer Art Prize as a means for recognizing talent and performance in the field of art It sets a demanding standard: exceptional creativity and originality by a senior who has completed with honor grades all available studio art and ar history courses, and has participated in all relevant activities in search of artistic awareness and proficiency.

Alan James Atkins of Newburyport has been involved in all aspects of the arts. That is what makes him a sure winner for this award. His artistic talent is seen everywhere on campus, from outstanding sets for the theater to video light shows for the Guild and the Dance Recital, from T-shirts designed for his senior class to a gallery installation for the Senior Art Show.

Since freshman year James has participated in a total immersion in the arts, and not only while school is in session. As a freshman he attended a special program in the summer with Ila Prouty, a former Governor Dummer Academy art teacher. He won a special award based on his art work to study six weeks in the summer at the Museum School in Boston. Among his other accomplishments, James won a Silver Key in the Boston Globe Art Awards ar completed his AP credit in studio art while taking all art courses offered.

He would always surprise his teachers with something wonderful an playful, such as a 10-foot-tall papier-mache alien, or he would ingeniously figu he could make a two-foot-by-eight-foot monoprint by putting the paint on fou tables and printing off of that. He was adept with almost every medium, including computer video animation, which he learned on his own. He was totally self-motivated. One never knew who was teaching whom.

Watch for this man. He will make his mark in the art world. The Ar Department will greatly miss the visual energy and creativity he has brought t the school community.

The Thespian Award

The Best Thespian Award was first made in 1971. It is awarded for meritorious work in the field of dramatics, for inspiring participation, for providing leadership and for developing theatrical knowledge and abilities.

Ariele Ebacher of Newburyport is a scholar and an artist. A member of both the Honor Society and Cum Laude, she earned Honor Roll accolades for 16 quarters. As a performing artist, dancer/actress/choreographer, she had more experience by the time she was in eighth grade than most high school seniors. At Governor Dummer she has performed in virtually every event put on in Thompson: plays, concerts, dance recitals and Music Guilds. Off-campus, she has performed regularly at Maudlslay Park with Theatre in the Open and at the Firehouse Center with Exit Dance. She has toured in *Hitting Home*, a play about teen violence and date rape sponsored by the Women's Crisis Center. She also has toured in *Terezin: Children of the Holocaust*. In 1995 she danced in a special performance in Auschwitz, Poland.

Fiercely disciplined and enormously talented, Ariele embodies what the esteemed theatre director Jerzy Grotowski describes as "the holy actor." Of the holy actor he says, "If I were to express all this in one sentence, I would say that it is all a question of giving oneself. One must give oneself totally, in one's deepest intimacy, with confidence..." Ariele is a confident giver, and a holy actor.

The Gaffney Priz

The Gaffney Prize, established in memory of Robert A. Gaffney of the Class of 1940, is awarded to that senior who, in the opinion of the faculty, has been most consider of the rights, opinions and sensibilities of othe

Ariele Ebacher of Newburyport ha danced for and led our troupe, Smith & Compan She has danced for the Theater in the Open in Newburyport, for two dance companies, for the Dance Theater and at the International Peace Convocation in Poland in 1994. The Cummings Prize

The Cumings Prize was established by the family and friends of the late Fred T. Cumings of Troy, New Hampshire. It is awarded annually to a student who has shown perseverance, hard work and good spirit in contributing to the welfare of the school.

Jorge Armando Flores of Los Angeles, California, brings determination and quiet courage to every juncture of his life. Whether achieving highest honors in a demanding academic program and earning Cum Laude or being involved in the leadership of organizations such as PRIDE and the Spanish Club or competing in varsity football, wrestling and JV baseball, he offers his supreme effort. Playing cornerback or volunteering — at 140 pounds — for the interior offensive line of a championship football team gives some indication of what he is made of. At all times he acts with grace and dignity.

The Wilkie Service Award

The Wilkie Service Award in honor of Valleau and Marjorie Wilkie is awarded to a senior whose contributions to the community outside the school have best demonstrated the deep concern, the unfailing sympathy and aid, for which the Wilkie headmastership is affectionately remembered.

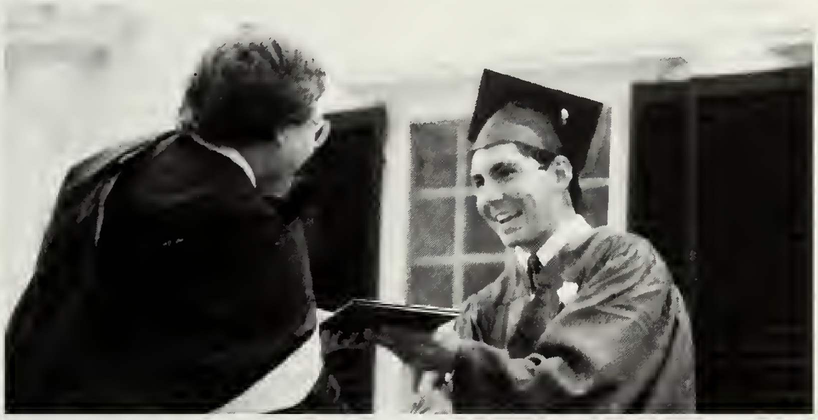
Chiyo Soejima of Tokyo, Japan, spent many hours in the service of others in the communities surrounding Governor Dummer Academy. She fully exemplifies the Governor Dummer motto, *non sibi sed aliis*.

She arrived here on campus her sophomore year and immediately joined the community service program. Her selflessness is expressed in a variety of service activities at Anna Jaques Hospital, where she has been involved for the past three years.

Chiyo started off by assisting the director of volunteer services at the hospital and then was assigned to the Emergency Room, where she was described as being a pleasant addition to the volunteer staff. In the spring of her junior year, she again volunteered at Anna Jaques Hospital, where she was described as being intelligent and sensitive in providing services to others. The director of volunteer services asked to have Chiyo return in the fall and indicated that everyone enjoyed working with her. Her senior year she again returned to the hospital, where she trained other students, set up treatment rooms and worked with patients and their families.

She is a truly deserving recipient of the Wilkie Award, for she has not only represented the Academy well, but also her family and country.

The Edward J. Rybicki Prize



The Edward J. Rybicki Prize is presented to the graduating senior who, as a member of the staff of The Governor, *best demonstrates the qualities found in the teacher for whom the prize is named: selflessness, sense of humor, responsibility toward the welfare of others and the courage to live by a strong set of personal beliefs.*

One day in the not-too-distant future, we will chance upon the familiar voice of this journalist. **Jason Gelvan Greenberg**'s enthusiasm and professionalism, already ingrained in his voice and manner today, will boom across the airwaves. And we will smile: We knew he'd make it.

This young man from Miami, Florida, pursues his own goals, but not to the exclusion of others. He genuinely likes people and looks out for their feelings. In his three years on the staff of *The Governor*, he worked hard to perfect his reporting and writing. He also honed his broadcasting skills, serving as the official announcer at Governor Dummer Academy's home games this winter.

Jason has the disarming humor and earnest curiosity that make it fun to watch him succeed.

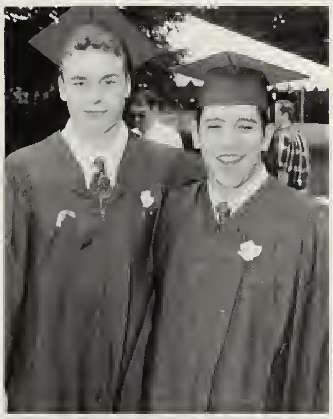
Kelley Porter gives Todd Winters a little help pinning on his flower.

Ariel Ebacher is filled with tears and happiness as she is crowded and congratulated in the quad.

Jerry Vasicko and Matt Nacol share a few of their last moments at GDA together before they tackle their next journey.



Brooks Bornhofft sits anxiously and listens as Mr. Miner gives the Commencement address.

REMEMBER WHEN...
being grown-up was a fantasy.
Now, it's a reality. You've got
grown-up decisions to make.
You'll begin a journey towards
making childhood dreams come
true. We're here to listen.
Whether it's an educational loan,
a car loan, your first checking
account, a savings account towards
your first home, or, maybe even
a new business venture. We're here
to help. Since 1854, we've helped
generations of children make
their dreams come true.
Plotting a course for the future...

Coach Anderson has a close look at the action on the Lower Fields, which were dedicated to him this spring.

Dedication

Teachers at Governor Dummer Academy invest a tremendous amount of time and effort to provide each student with the best possible education. This year, two of the most esteemed faculty members on this campus are retiring. Both of these men have spent lengthy careers at G.D.A. while helping hundreds of students in the classroom and on the athletic field.

Mr. Anderson came to Governor Dummer Academy in 1957 straight from Kenyon College. Over the past thirty-nine years, he has been an integral part of the Science Department as a Biology teacher and in the innovative Science 2000 program. In 1971, Mr. Anderson became the second Athletic Director in G.D.A.'s history and served for twenty years. When this school became coeducational in 1972, he created the women's athletic program and he was a pioneer in assembling the Independent School League that is still in existence today. His love for all of his G.D.A. students comes shining through every day. During his classes, Mr. Anderson combines humor with learning. His Biology classes are insightful and he is always willing to help a student outside class. As a coach, his strong spirit and motivation have helped students reach their highest levels on the field. The G.D.A. Community wishes the best of luck to Mr. Anderson in all of his future endeavors.

Mr. Rowe came to Governor Dummer Academy in September of 1980 from the Gunnery School to become the head of the English Department. Mr. Rowe may have obtained his humor from Princeton, where he received his Bachelor's degree, and he may have obtained his wit from Harvard, where he received his Master's Degree; yet no matter where or how, Mr. Rowe manages to provide a sense of joy, youth, and companionship each day. Mr. Rowe's unique and friendly personality has graced our school for sixteen years and he has made a lasting mark on the Governor Dummer campus. In English, Mr. Rowe is a great motivator and always gets everyone involved in class discussions. To amuse his students he goes to the extent of singing, whether it be vocabulary or a song. He is often seen strutting around campus in his plaid trousers or heard laughing like a hyena. He demands the best from each student yet is understanding and helpful in return. Mr. Rowe is devoted to helping each student as a teacher, friend, or coach, and his spirit and friendship will be missed.

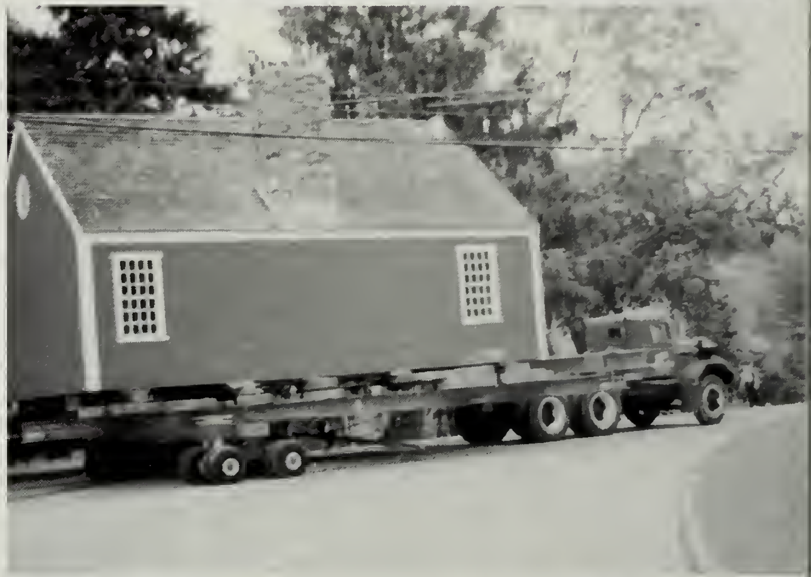
For their contributions to the Governor Dummer Academy community for a combined five-and-a-half decades, the *1996 Milestone* is dedicated to

Robert E. Anderson and Wallace H. Rowe, III

Mr. Leavitt and Mr. Metz are among those helping shovel at the ceremonial ground-breaking for the two new buildings.

Closing

With the close of the 1995-1996 school year, GDA remains poised on the the turn of change. With the historic decision to build a new, much-needed library and a Mathematics-Science Center *simultaneously*, the Academy stands ready to leap into the 21st Century. Much will change on campus, but much will still remain the same as students are drawn together by their experiences here.



This is quite possibly the last yearbook photo of the Little Red Schoolhouse as it stands beside Frost.

The Schoolhouse is on its way to its new location near the Elm Street entrance of GDA.

At its new home, the Schoolhouse will fit in nicely and offer visitors a grand welcome to campus.
